)

V.)	17(c) SUBPEONAS FOR RECORDS

KURT F. JOHNSON,)	
)	
Defendant.)	

The defense is seeking the issuance of seven 17(c) Subpeonas. The request for the subpeonas was first tendered at arraignment before Magistrate Daly and denied. Custody choices have already caused needless delay in a prejudicial fashion for this expedited pretrial schedule. For these reasons these appendices and USM-285 forms have been prepared for expediting the clerk's ability to execute these subpeonas. The defense believe that another eight subpeonas will have to be executed. Please have the clerk mail them immediately for their swift preparation. The defense believes it is according to rule to have the responses directed to the clerk. However, even if this in not the case it is a necessity because of the obstructionist practices of this institution and the so-called victims. No USM-285 for has been supplied for the WORLD COURT since service will be done by clerk and mail and not the US Marshals. Much of this pretrial discovery is necessary not only for trial but pretail motions. Therefore time is of the essence.
